Pens and Pencils.

Notwithstanding the fact that the typewriter has displaced the pen in many business offices, the demand for pens and pencils still continues. During the year covered by the census report, one gold pen, 10 steel pens and 15 lead pencils were made in the United States for each family of five persons.

YOUR CASE AND OSTEOPATHY.

You say, "I can see how Osteopathy can cure some things, but I do not see how it can help me."

As usual you have never thought of a cause for your trouble. With slight displacement of ligaments, muscles and bones, especially of the spine and ribs, with the nerve and blood supply disturbed thereby, any form of disease may result, depending on the nature of the interference.

The Osteopath can remove this cause in one disease as well as another. The cure then depends upon nature's power to repair the damage.

All curable diseases, acute and chronic, have been cured by Osteopathy. The following is a partial list in which marked success has been attained: Tonillitis, dyspepsia, constipation, diarrhoea, dysentery, appendicitis, ascites, gall stones, cystitis, enlarged prostate, "gravel," anaemia, goitre, dropsy, is grippe, croup, bronchitis, asthma, hay fever, pneumonia, pleurisy, malaria, typhoid and all fevers, measles, erysipelas, diphtheria, paralysis, epilepsy, neuralgia, sciatica, nervous prostration, eczema, St. Vitus dance, spinal curvature, impotency of men, milkleg, female diseases and rheumatism (in worst forms); many forms of heart disease, deafness, blindness, diabetes, Bright's disease, and consumption (except in far advanced cases.)

Doctors Holsington, graduates under the founder, Dr. Still, will explain any point you wish. Call on them. Despair block.
